INJECTION MOULDED CASES - PELI LIMITED LIFETIME* GUARANTEE

Peli Products, S.L.U. ("Peli") guarantees its injection moulded products for a lifetime* against breakage or defects in workmanship. Peli™ injection molded cases are guaranteed to be watertight to a depth of 3.3 feet (1 meter) for 30 minutes (IP 67) if properly closed with undamaged o-ring in place unless otherwise stated. To the extent permitted by law, Peli's liability is limited to the case and not its contents or foam. All warranty claims of any nature are barred if the case has been altered, damaged or in any way physically changed, or subjected to abuse, misuse, negligence or accident.

For complete warranty details, see www.peli.com/WARRANTY

* Lifetime Guarantee not applicable where prohibited by law.

LIGHTWEIGHT PROTECTION FOR EVERYONE	9-11

FEATURES

+ THE SCIENCE BEHIND STRENGTH AND LIGHTNESS

The Peli™ Air case has been designed to cut weight without compromising durability.

Our engineers have revolutionised the protector case by reducing structural waste while preserving Peli's legendary standards of strength. In development for years, the design team challenged the status quo to "add lightness" in every detail.

Here are some important reasons why Peli™ Air cases are both strong and light:

- Moulded from the next generation of Peli's lightweight HPX™ resin, a proprietary formula that rebounds without breaking
- Honeycomb structural elements that are actually stronger than solid polymer material
- Super-stiff "full box" sections engineered to create hollow parts

+ EXTREME ENGINEERING—UP TO 40% LIGHTER

Peli™ Air	Weight NF (kg)	Peli Equivalent	Weight NF (kg)	% var.
1485	2.1	1500	2.9	-26%
1525	2.7	1520	3.8	-28%
1535	3.9	1510	5.4	-28%
1555	3.3	1550	4.8	-35%
1605	4.2	1600	5.9	-33%
1615	6.4	1670	10.4	-40%

* Case weights are actual and percentage variance is adjusted for interior volume.

+ UP TO THE TEST

It wouldn't be a Peli™ case if you couldn't drop it, kick it and run over it – and the Peli™ Air case is no different.

- Drop-tested on concrete with loads from 1,8 m on all sides and corners
- Submerged for 30 minutes at a depth of one meter
- Wheels are roll tested over 1 km with loads at 8 km/h
- 12,7 kg steel dart dropped on all sides from 1 m

+ SHARED FEATURES ACROSS ALL MODELS

- A Watertight O-Ring Gasket
- B New Style "Conic Curve" Lid Shape
- C Super-light Proprietary HPX2 Polymer
- D Stainless Steel Hasp Protectors
- E Proven Tough Double-Throw Latches
- F Automatic Purge Valve Balances Air Pressure
- G New Removable Polycarbonate Card Holder, with Front or Side Placement
- H Rubber Overmoulded Handles
- Crushproof and Dustproof

PELI AIR FEATURES

PELI™ AIR

Meet the lightest premium Protector™ case on the planet. Up to 40% lighter* than other polymer cases, Peli™ Air cases will lighten the loads of those who travel for work or leisure.

*Check the specs for the exact weight of each model

+45%

45% DEEPER, 40% LIGHTER

We've complimented our Peli™ Air cases range with four deep case designs that are 45% deeper. With over 33 cm of depth, these Peli™ Air cases have room for your deeper shaped equipment, like drones and cinema-grade cameras.

WHEELED CASES

- Quiet rolling stainless-steel bearing wheels
- Extending trolley handle (not available on 1745 case)

PRESS & PULL LATCHES

The Press & Pull latch is a unique latch that locks automatically, but opens with a light touch.

NEW! THE FIRST PELI™ AIR LONG CASE.

We've stretched out our line of Peli™ Air cases, so now you can protect your long equipment inside the world's toughest and lightest case. 111.8 cm long with built in wheels, the Peli™ Air 1745 case keeps you rolling and provides the perfect leg room to protect survey equipment, tripods and other lengthy equipment.

The 1745 case is also the first Peli™ Air case to feature Press and Pull™ latches. These latches keep the lid shut through rough handling but are easy to open on arrival.

PELI™ AIR PROTECTION SOLUTIONS

Peli™ Air Cases are available empty or with any of the following protection solutions.

Photo by Uros Poclagar

+ PREMIUM PROTECTION: PELI+TREKPAK™

The TrekPak™ system uses pre-installed wall sections, divider panels, locking pins and an infallible cutting tool. Just lay your gear in the case, measure and cut the divider sections and lock them in place with the steel U-pins. Learn more at peli.com/trekpak

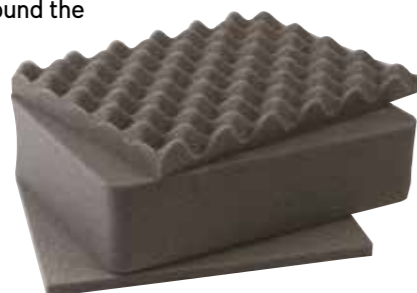

+ PADDED DIVIDER SYSTEM

- Full Sewn Tub with Felt Exterior
- Velcro™ Compatible Nylex™ Interior
- Elastic Hold Down Straps
- Hi-Visibility Yellow Interior
- Set Includes: 1 Tub, 2 Large Dividers, 6 Medium Dividers, 3 Small Dividers

+ EFFORTLESS PROTECTION: EASY PICK N PLUCK™

Peli™ Air cases have been designed to protect equipment of all kinds, no matter the size or shape. Most Peli protector cases come with our Pick N Pluck™ shock-absorbent foam, pre-scored in tiny cubes. The item is placed on the foam, outlined with chalk, and then the cubes around the item are removed to form a secure, protective cocoon.

LIGHTWEIGHT PROTECTION FOR EVERYONE

+ ONE SIZE DOESN'T FIT ALL

Since 1976 our original Peli™ Protector Case line has grown to over 60 unique sizes, but that is still not enough. Peli™ Air cases offer both long or deep variations you won't find in our Peli™ Protector™ Case line. Now you can get the perfect fit.

+ ULTIMATE PRO TRAVEL CASES

Besides, being the lightest premium protector case on the market, Peli Air is especially preferred by professionals who wish to travel lightweight. Therefore, Peli Air is the ideal case to transport tools, audio visual equipment, sporting goods, sales samples... and many more!

The larger sized cases include wheels and handle for ease of transport.

1535 AIR – WHEELED CARRY-ON

Weighing just 3,9 kg with exterior dimensions of 55.78 x 30.40 x 22.81 cm, Model 1535 is optimised for carry-on/overhead bin size.

1615 AIR – WHEELED CHECK-IN

Weighing just 6,3 kg with exterior dimensions of 82,80 x 46,74 x 27,99 cm, Model 1615 is the maximum airline dimensions* for checked luggage without oversize charges.

*Check with your airline for exact measurement requirements

PELI AIR LIGHTWEIGHT PROTECTION FOR EVERYONE

+ PREMIUM PROTECTION FOR PRO CAMERAS

Having the right camera and being passionate about what you do is key to be a successful photographer. However, having the right protection for your valuable gear will help you focus on the job without worries.

The right camera case will allow you to travel safe, no matter where! Your equipment will be safe from weather conditions and rough handling.

Peli Air cases offer lightweight impact protection for all kind of cameras and with enough additional space for lenses, cables, optics and other accessories. Up to 40% lighter than other polymer protector cases, Peli Air is the preferred companion of those outdoor or travel photographers who need to travel lightweight, but still need the best of protection for their valuable DSLR cameras.

Complement your Peli Air case with Peli's extremely handy memory card cases or micro cases to store the smaller accessories. Learn more at Peli.com.

+ DEEP SIZED CASES FOR ULTIMATE DRONE FIT

Peli Air cases will allow you to travel comfortably, while still offering the best protection for your drone. Portability and compact-size have become important criteria when choosing a drone and thus the need of having a high impact resistant and efficient carrying case has become imperative.

With over 33 cm of depth, the deeper sized models will allow you to easily fit in your larger drone or quadcopter with all its accessories, like blades, props, cables, goggles, chargers and more.
